“ I taught with Aggie at Moreland for about 3 years in the early 70s! We both taught 2nd grade! I remember how we laughed about different events from our days with the children! I also remember that she started everyday with, I believe, a Coca Cola and two aspirins! I guess it got her going! I can just see her walking down to her classroom with the bottle of pop in her hand!
Aggie made me chuckle a few years back when she told me the stories about the court cases she would find for Judge Judy! Her and Jim would travel to different cities to find these cases for the show! Only Aggie would find such a unique opportunity when she retired! I wondered how The Judge got those crazy cases for the show and low and behold Aggie was one of the sources!
Aggie was a great person and fun! I know that her family will miss her so!
My Deepest Sympathy to Jim and Family on your loss of a great lady!

“ Agnes, Aggie always brightened up a room no matter where she was or who was in it. She helped Susie Host a housewarming party years ago in Mesa, AZ. She was the light & life of the party. She had her hands full that night with all of Susie's hockey friends. Somewhere between the M&M incident and Shower Curtain incident...she made it a night to remember. Thank you for the wonderful fun memories. Aggie R.I.P. you deserve your long awaited rest. ♡

“ I had the honor of working with Aggie at Moreland Elementary. She wrote a grant for the school to have a computer lab for the students. Aggie selected all the equipment, tables, chairs and even selected carpet with large inlaid crayon images. She was a wonderful person!

“ Fond memories from Dodd Skating Rink when Mary Sullivan blinked the front porch light to tell Catherine and Agnes it was time to come home. We lived in such simpler times. Wet mittens steaming on the central furnace in the warming shack, smoking cigs behind the shack, and the infamous 'crack the whip'.

“ To Aggie's Family,
I am sorry about your loss of Aggie! She was a great lady and fun! I taught with her Moreland in the early 70s! We both taught 2nd grade! We laughed often about experiences with those cute 2nd graders! I also remember seeing Aggie going to her classroom each morning with a bottle of Coca Cola and two aspirins! She said she needed them to help her start her day! I would chuckle to myself each morning!

Aggie was such a creative person! I remember when I ran into her after she retired and she told me she had a new job finding cases for the Judge Judy show on tv! No wondered the cases were so interesting on the show for Aggie and Jim would travel from city to city to find the best cases! Only Aggie!!!

I so enjoyed Agnes! She had a great sense of humor and so much fun to be with each time I saw her!

Please accept my deepest sympathy! I know that she will be greatly missed by friends and family!
