“ Ed was always in a good mood, no matter what was going on. I'll never forget how much he loved movies and music. Such an easy going guy, he will be missed.

“ My uncle ed will be dearly missed not only by family but by friends and many others. I remember every christmas he would always give us two dollars and his laugh was contagious. He always had a smile on his face and he loved his music. I will always remember him he was the crazy funny amazing uncle. We all love you uncle Eddie.
