Comments

“ I will miss my sweet auntie. She was my very first beautician when we lived next door to each other. I remember getting a “duck tail” haircut from her (it’s still around maybe slightly updated but it was the “cut” for the time (1950s). She made a special treat for us when we came back from swimming where uncle would toss/skim us across the lake (I thought it was Lake Minnetonka but it could have been Calhoun). We came home to English muffins with a tomato, cheese and bacon that had been grilled. She made Jean and I a nice lunch for our train ride back to Benson from Minneapolis. Jean and I were so excited to have a nickel each so we could purchase a Hostess Twinkie on the train. I just pulled out her famous hot dish recipe calling for kidney beans, rice and potatoes. I just might make it for my grandkids soon. Auntie always had a laugh and smile. You knew she loved you. I treasure the calls we’ve had over the years and so glad I was able to bring Jean back a few years ago to see you and everyone else. Now you are both with Jesus along with mom and dad and all those who have gone on. You lived long and worked hard but your love for Jesus and others always shone through. Love love love, niece Dorinne
