Comments

“ It ruins me that I cant be there in person. I love Rose. John and Liz also treated me like family. Rose was my best friend, we laughed and cried together. no relationship is perfect, we had are ups and downs but we always came back together in the end. I just wish I could say the same with this instance as well. She was another sister to me and I loved her like one. we would talk about the good and the bad. we would try our best to get through everything together. We went on adventures, drives to no where, stay up binge watching shows, cook things that didn't always turn out, we would drink, paint, make crafts, beg John to order food like sushi and pizza, listen to music, we would be even be happy doing nothing together. We would spend days together. sometimes she would bring me home just to ask if I wanted to hang out again later in the day. She was loving, caring, silly, funny, smart and so much more. I love Rose so much. She was always there for me. I miss her and her smile. I miss talking with her and just getting to be around her. She had so many struggles and I just hope she now can feel peace. I love you my best friend.
